1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes to the drawings are requested: Figures 1-3 to be labeled as "Prior Art". In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The application has been amended as follows: In claim 6, line 10, the following typo has been corrected, "the predetermined" is now --a predetermined--

2. The following is an examiner's statement of reasons for allowance: The examiner could not find fair suggestion for the non-coherent FSK demodulator including shift register with output coupled to threshold device having a predetermined threshold value determined from the sum of the first and second frequencies divided by the data rate...

3. The references cited, such as Richards (5,732,110) show the use of a register 58 however, no suggestion for determining the predetermined threshold values as recited above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
